

# SUPER BOA

Textile sling for tree care work (felling operations, rigging and removal of branches): e.g. pulley/friction ring holder or redirection, redirect, etc.

## SLING

## DESCRIPTION

The SUPER BOA sling is very light, and very strong as well, as it is made of polythene. A great sling to attach to a harness, for an easy and fast set up.

## TECHNICAL INFORMATION

Standard	Machinery Directive 2006/42/EC
Material	100% high modulus polythene rope (coated)
Diameter	15 mm
Construction	16-strand hollow braid (pre-stretched)
Colour	Grey
Elongation	4% (at 75% of ultimate tensile strength = 3%)

Weight	500 g - 1.1 lb (3 m - 9.8 ft) 750 g - 1.7 lb (5 m - 16.4 ft)
MBS	130 kN
WLL	19 kN
