

SPIDER ROPE

ARGIOPE EVO 11.7

Our ARGIOPE in 11.7 mm has a construction in 100 % polyester, ensuring a constant diameter, with no swelling. Its thick cover provides for a great resistance to abrasion and therefore a great lifespan.

SHORT ROPE

DESCRIPTION

Our short rope in ARGIOPE EVO is also in 100% polyester, with the same thick cover ensuring a constant diameter over time and a great resistance to abrasion

It is bright green and therefore very visible.

The short rope has two sewn ends, no carabiner or swivel carabiner –to be adapted to your needs.

It comes in 3 m, 4 m and 5 m.
