

RISE-UP

Our RISE-UP is much more than a simple spacer – it will be your perfect ally with the FREEXION system (with the single attachment pulley), helping with the connection to the chest harness.

SPACER FOR PULLEY

DESCRIPTION

Our engineers have designed the RISE-UP to be used with the [FREEXION](#) system, together with the CAMP Sphinx pulley (single attachment). It avoids any strain on the side plates when used with the FREEXION. It also connect the system to a chest harness, « following » the user during the ascent.

TECHNICAL INFORMATION

COLOUR	DIMENSIONS	MATERIAL	WEIGHT	COMPATIBILITY
Black	45 x 24 x 13 mm	Aluminium	16 g (0.6 oz)	Sphinx pulley (CAMP)
