

BRACING TOOL HOLSTER

A great new way to have everything within reach!

BRACING ACCESSORY

DESCRIPTION

Tool-carrying accessory used when bracing a tree - it fastens easily to the calf using 2 Velcro straps.

There is a place for every tool that is necessary when setting up a dynamic bracing in the tree:

- mini gas burner
- knife (Opinel No. 8 size)
- mini D carabiner for an adhesive roll
- 1 splicing needle and 3 fids (10 mm, 14 mm, and 20 mm) - see the BRACE SPLICING KIT

TECHNICAL INFORMATION
