

GRAPPIN

Very useful for tree avenues.

ACCESSORY

DESCRIPTION

The grapple hook GRAPPIN is a very useful accessory used to retrieve bags from afar or to position climbing ropes on a distant axe and to move between axes or trees.

We also propose a specially designed storage bag, with pockets for the grapple hook and its throwbag. It comes with cord and cord lock closing system, 1 interior fabric ring for attachments, and 2 loops for attaching to harness.

TECHNICAL INFORMATION

Material

304 Stainless steel

Three 120°-angled hooks (symmetrical device)
