

CROCH'TY

A valuable aid to set up a friction device.

ACCESSORY FOR FRICTION DEVICE

DESCRIPTION

The CROCH'TY is a support hook that allows you to easily install your lowering device by yourself. It keeps the device in position while you place and adjust the system's strap around the tree. Utilisable avec tous les systèmes de freinage FTC : MICRO-CYLINDRE ou MINI-CYLINDRE.

Can be used with all the FTC friction devices, the MICRO-CYLINDRE, MINI-CYLINDRE and TRANSFORMEUR.
